PRESCOTT, A. T.

## GOLD AND SILVER.

### The Wealth of Arizona and where it Lies.

#### MARICOPA'S RICH MINES.

#### The Vulture—Moore and Cave creek—McMillan's camp —Miami City.

In its mining interests our county  
is second to none in the Territory  
in proportion to present develop-  
ment. A brief reference to our sev-  
eral mining districts will, doubtless,  
be interesting to the general reader.

#### THE VULTURE MINE.

This is one of the old mines of  
the Territory and has been pretty  
extensively "hogged out" by a bad  
management in years past. Its ores  
yield largely in gold, and great re-  
turns have been made from it not-  
withstanding the bulk of the pre-  
cious metal lies in the tailings when  
treated by the ordinary stamp pro-  
cess. After a run of the most reck-  
less extravagance and mismanage-  
ment for some years, the old Vul-  
ture company was obliged to shut  
down, and then after long litigation  
the mill property was sold while the  
mine has gone into the possession of  
new owners. We are glad to be  
able to announce that a new com-  
pany is now ready to commence  
work on this mine. Messrs. Smith  
and Jones, who own it, are now in  
San Francisco, where they are to  
transfer the mine to the new com-  
pany, and work will be commenced  
immediately. Near the Vulture  
mine several new lodes of much  
promise have been located. East-  
ward from here lies

#### MOORE DISTRICT.

This is a new field and has not  
been much prospected. It lies in  
our county, just east and adjoining  
Humboldt District. Several lo-  
cations have been made and some of  
them are being developed. The  
ores generally bear the same char-  
acter as those of Humboldt District,  
silver being the predominating pre-  
cious metal.

#### CAVE CREEK DISTRICT

Lies north by northeast of Phoenix,  
and is looming into importance. Its  
mines, both of silver and gold, pro-  
mise grand returns to their owners.  
We have already told our readers  
of one great advantage this district  
has in its proximity to Phoenix as a  
base of supply. Two or three stamp  
mills will be started in this district  
the present season, and a tidal wave  
of wealth will arise here and increase  
in its volume for many years to  
come.

#### McMILLAN'S CAMP.

This district lies north of Globe  
and is literally gridironed with rich  
silver bearing lodes. The shipment  
of \$75,000 from McMillan was an  
item of news only last week, and  
with increase of force and facilities  
the mines there have now enough  
in sight to increase this yield ten  
fold and keep it so every week.

#### MIAMI CITY.

Here there is a ten-stamp mill  
now running on ores of the Miami  
mine, of which there are two hun-  
dred tons now at mill. The Miami  
lode is about eight miles from the  
mill. The Red Cloud, Blue Bird,  
and several other very promising  
veins are in this district. The mill  
will do custom work for all miners  
in its vicinity.

#### DURVEA MILL.

This is situated near Salt River,  
and near the mouth of Pinal creek.  
There is a copper furnace also in  
the same vicinity. We understand  
that both are to be kept up to their  
best running capacity the present  
season. There are many large veins

bearing rich ores in this region.

#### AROUND TONTO BASIN.

Old prospectors say are to be found  
the great mines of the Territory.  
Eastward of this the early pioneers,  
who went soldiering against Indians,  
say there are more and larger silver  
mines than the world has need of.  
It is also in this region somewhere  
that many of the wise ones locate  
the mythical Thorne diggings, that  
must astonish the world when dis-  
covered.

#### PROSPECTING.

The army of prospectors in the  
county is daily increasing in num-  
bers, and new mines are being lo-  
cated in each district. New dis-  
tricts will be founded in the county  
bordering the Tonto Basin this sum-  
mer, while work will be prosecuted  
vigorously upon both old and new  
discoveries. There are frequent  
sales made of undeveloped mines at  
respectable figures, and with the  
new impetus that will be given this  
year through the introduction of new  
mills, furnaces and machinery, we  
shall soon see Maricopa county take  
rank as the first in her mineral  
wealth as she now is in agriculture,  
and consequently the best county in  
Arizona.

The Salt River Herald is the  
best advertising medium in Arizona.

### LETTER FROM FLORENCE.

Its Present and Future Prospects  
—A Rich Valley.

(Regular Correspondence of the Herald.)

FLORENCE, March 12.

A few notes from Florence pub-  
lished in your spicy young sheet  
might not be amiss, for are not the  
valleys of the Gila and Salt River  
twins? This town is situated with-  
in a few hundred yards of the Gila  
river, on the south side. A very  
fine and exceedingly fertile valley,  
extending many miles east and west,  
and sufficient in area and production  
to furnish several counties with  
grain, vegetables, etc., when brought  
under cultivation to its full capaci-  
ty. Half a dozen ditches are now  
distributing the

#### WATERS OF THE GILA

To garden and ranch. There is an  
enterprise on foot to bring a large  
volume of water to the south side  
of the village, thus utilizing the  
water for the reclamation of higher  
or desert ground, and for the more  
abundant supply in the valley pro-  
per, which ditch, we are told, will  
be completed in April. It is known  
as the Montezuma ditch. If this  
enterprise succeeds its projectors de-  
serve great credit. We have eight  
stores of general merchandise, one  
drug store and ten saloons.

The wall of the new Court-house  
is up about five feet. Court con-  
vened last week. Copious showers  
visited us lately, and started the  
crops to growing finely. Beautiful  
weather now prevails and is all  
that could be desired even in

#### SUNNY ITALY.

Several new business establish-  
ments will open soon. New houses  
are being erected, and, in fact our  
people mean business, and if lots  
can readily be procured with good  
titles, Florence at an early date will  
be quite a flourishing town, as she  
is now a natural business center,  
and we have both soil and climate  
to back it up. More anon.

#### OBSERVER.

LOUISVILLE (Ky.), Feb. 28.—

Both branches of the Legislature of  
Kentucky to-day adopted resolutions  
instructing Congressmen of the  
State to support and aid in every  
possible way the Texas Pacific  
Railway bill. Kentucky is strongly  
in favor of the bill, and the Legisla-  
ture has only carried out the desire  
of the people.
